Regent's Cabin and Bulkhead Seats Now Available!

Regent Cabin and Bulkhead Seats STC# TCCA SA15-71 Issue 2 & FAA SA04623NY

Looking for new cabin seats for your Twin Otter? Look no further than Regent's own manufactured cabin seats as per STC SA15-71 (TCCA) & STC SA04623NY (FAA). These seats can now be custom ordered and installed in TCCA and FAA registered -100, -200, -300, and -400 Twin Otters! Stand out from the pack and give your Twin Otter the custom look and feel it deserves.

Why should you choose Regent Aircraft Services for your next set of seats?

Because we have listened to the Twin Otter community and have designed and built our cabin and bulkhead seats with the customer in mind. Some of the amazing features that we have incorporated are:

- True high back seats (not modified low backs)
- Aluminum seat pans and backs
- Dual spring loaded bottoms (bulk head seats)
- Adjustable seat back angle (cabin seats)
- New seat belts
- Embroidered company logo options
- Two tone leather and naugahyde options

And many more unique innovations!

Approved For -100, -200, -300 and -400 Twin Otters

How do you make your aircraft unique?

Make your customers happy with very comfortable seats that are embroidered with **your company logo** on each seat to remind your passengers who you are

All seats are available in:
Leather or Naugahyde (by request)
&
Solid Color or Two Tone (by request)

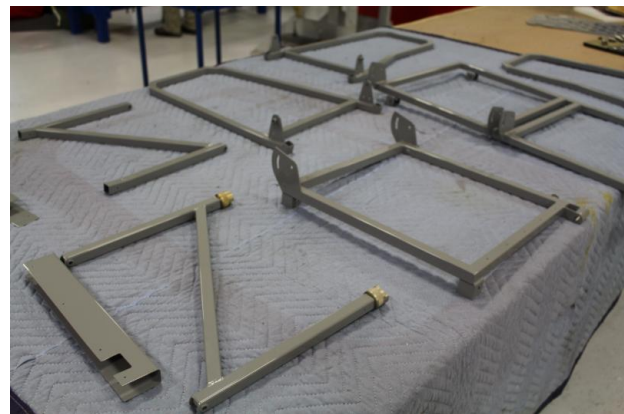

Happy Customers = Repeat Customers
